

I'm Leulekal Ashine

graphics designer,video editor and web designer

Introduction

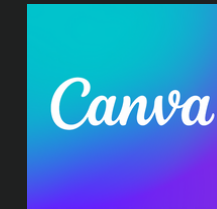

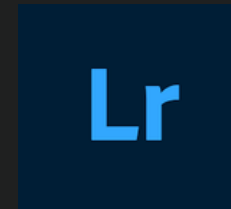

My is leulekal ashine, i'm photo editor and graphic designer who has good work ethics when it comes to project deadlines. For several years i used to managed different kinds of photo editing projects using photoshop in addition to canva recently.

I understand the reason why you here is to find who can manage your recent tasks that you're no longer have time to do.

You have a goal and that is to focus on building your success. As business owner you want to save more time to do important roles in your business. I am here to help you make it happen.
